Oct 2 briefing for Hopi orders. 1pm.

We need to provide briefing materials to front office by mid day Monday at latest. Emmanuelle will be able to participate. David Albright will be out of town. Please coordinate with her to incorporate the info. I want to review the briefing material before it goes to front office. I will probably want to make edits so I need to see something Friday or first thing Monday.

Roberto, give me a call when you get a break so that we can discuss how we want to do the briefing materials. I suggest a 1 page briefing paper.

Hi Thanne, thanks for the note. Do you know what is being prepared by ENF for this briefing? I've asked Emmanuelle on my staff to put together 2-3 slides (on the HAMP, funding, our compliance assistance) that we could add to what you are developing and wanted to make sure that will work. Thanks, David

KJ sent this to Tomas before I had a chance to talk to her. We are on the calendar for Oct 2.

Tomas,

We had planned on issuing some "coordinate and cooperate" unilateral orders to the Hopi villages to encourage them to do what they needed to for hooking up to the HAMP. We sent this up through OECA and got a lot of questions from Susan Bodine. Specifically, she wants to make sure that Mike has been briefed on the EPA funding of the project. Tomas, I would appreciate it if you could brief Mike on the funding we have contributed toward the HAMP. There is no need to hurry up and do it this week. I spoke with Amy and she will try to schedule something possibly next week that works on your calendar and Mike's. This will also be after Mike's generic briefing on drinking water – so the timing is better.

Thank you!
